Experience

ShopOS, Sr. Product Designer

Bangalore, India | 2025 - Present

Leading design of AI-powered e-commerce agents that autonomously handle storefront operations, with a brand memory system that keeps every AI-generated creative, campaign, and communication on-brand without manual input.

Own the creative and intelligence layer end-to-end, designing flows for AI creative generation, Meta Ads management, and deep integrations with Shopify and other ecommerce platforms for smarter, context-aware outputs.

Mysa, Sr. Product Designer

Bangalore, India | 2024 - 2025

Led end-to-end design of the **Accounts Payable** module for clients like Swish (F&B) and BodyCraft (SMBs), centralising multi-source invoice intake and streamlining multi-level approvals, reducing duplicate payments and improving financial transparency.

Integrated ERP systems including Zoho Books, Tally, NetSuite, ERPNext, and Shoptree automating bill and payment sync, cutting manual data entry for brands like DrinkPrime, Material Depot, and Wint Wealth.

Designed **role-based notifications and email workflows**, creating scannable layouts that improved speed and accuracy of internal approvals.

Created motion graphics and product explainers for Mysa’s website, sales decks, and marketing content to simplify complex workflows and enhance product clarity.

Reevooy India, Product Designer

Mumbai, India | 2023

Designed and optimised core modules like inventory management and digital catalog creation, improving operational efficiency.

Collaborated closely with engineering and product teams to build reusable design systems, ensuring consistency across a rapidly evolving product ecosystem.

CreateBytes, Product Designer

Gurgaon, India | 2022 - 2023

Designed a CRM for Luxe Fitness to streamline admin ops, and built a QR-based AI tool for LKS to reduce support queries and improve product access.

CM Equity AG, Visual Designer

Munich, Germany | 2021

Created visual assets for a CEO-facing content series to communicate business value clearly and consistently. Collaborated across marketing and product, ensuring brand consistency and a cohesive digital experience across platforms.
